HMED class will also be available during the annual meeting. HMED is the only class of its type in the world. It is titled, "The Basics and Theory of Masonry Heaters". The class is a 32 hour course of which approximately 12 hours becomes classroom and 20 hours is hands-on experience. Normal cost for members is \$800 however, during the annual meeting it is offered at \$600. Limit of 12 students.

Remember that the HMED class can be used towards MHA Masonry Heater Builder certification.

If interested in more information about the HMED class, please contact the MHA office: 520-883-0191

There is still a little work to be done on the schedule of events but I will be sending out more Newsletter in the coming weeks.

Instructors - Remember you have deadlines that need to be met. Some are already overdue. This is extremely important especially because there are no building materials left at Wildacres. Here is the link to the form that was sent to you:

MHA Website Sees Some Changes

There has been two changes to the MHA website.

The MHA Gallery has been updated so that it is easier to view on mobile devices. Check it out [MHA Gallery Page](#)

If you are a full voting member you are entitled to one photo on the gallery page. Your photos should meet the following guidelines:

- there is a fire in the heater
- there is decent lighting and the heater is not in shadow
- the house is finished
- the vertical lines are parallel and don't converge, ie., the camera was held level

Basically it is a quality picture of your heater when finished.

You may submit your photo directly to Norbert Senf.

Affiliate/Associate Members Listed At The Bottom of Membership Directory

At the bottom of the Membership Directory there is now a list of the affiliate members. They are recognized as supporters of the MHA and the Masonry Heater and Bake Oven industries. However, their name is recognized but contact information is for full voting membership only.
