## Sketchup Clinic Added to Annual Meeting

---

### Sketchup Clinic Adds to Educational Classes at Annual Meeting

Ever want to learn how to draw masonry heaters and bake ovens like a professional or expand your capability if you already use it? Here's your chance to learn using the FREE Sketchup program.

Three Sketchup clinics have been added to the annual meeting's schedule. They will be held in the evenings and designed to help the novice to experienced user. Just bring your laptop computer with Sketchup already downloaded (Sketchup 8 is the latest version available) and a mouse that has a scroll wheel in it.

This is just another one of the many educational opportunities available to MHA members who attend the annual meeting at Wildacres. Registrations are being taken now and taken on a first come first serve basis.
