Hello, everyone.

As was announced at the Wild Acres, I am having a workshop on Russian steam sauna heater at my property in Caledon Ontario, which is 10 min drive south-west from Orangeville, Ontario, which in return is 1hr NW of Toronto.

We will be building a sauna heater similar to this one:

The heater can serve both: dry sauna and steam sauna. The plan is to build entire heater including facing during these 4 days. Cost is C\$300 and includes all lunches and a pizza party on the last day (pizza oven is right next to the sauna building). As always with my workshops, all participants will get CAD drawing of the heater we are building. Accommodation and other meals are not included. As it is summer time it is possible to camp on our property. Alternatively, there are plenty of motels in Orangeville. Come on over, we will have fun building and may even have music jam by bonfire if some of our maestros come...

The workshop is open to maximum of 12 people. we have several people already registered, but spaces are still available. **The cut-off date for registration is July 10th.** Please, register by sending me a private email at alex_stovemaster@yahoo.ca

Thanks,
